2017 2018

Dear High School Parent/Guardian,

On behalf of the Plainedge Athletic Department, we welcome the opportunity to have your son/daughter participate in high school 2017-2018 season.

The fall 2017 season begins Wednesday, August 16th for high school football and cheerleading only. All other high school fall sports will begin Wednesday, August 23rd. Any student wishing to try out for a sport must submit three (3) forms in order to be medically cleared. **Completed forms must be returned to the High School nurse between July 17 and August 15, 2017.** Sports forms may be obtained from the Plainedge or District website or from the HS main office during the summer. The office is open Monday to Thursday, 8:00am – 3:00pm.

The procedure for completing the forms is as follows:

1. Parent Permission for Interscholastic Participation

Make sure that both parent and student sign. This form should not be filled out more than 30 days prior to the beginning of the sport season. It is important that this form be thoroughly completed and fully legible, as this is the only information the coach will have on your child while on the field of play, in case of a possible emergency.

2. Health History for Interscholastic Athletics

Make sure that both parent and student sign. This form should not be filled out more than 30 days prior to the beginning of the sport season.

3. Sports Physical Examination Form

Take this form to your doctor and have the physical exam completed. Be sure that it is signed and has the doctor's stamp on it.

Note: The best time to have a sports physical is June-July-August. This way your son/daughter will be medically cleared for all seasons. Call your doctor as early as possible to make an appointment!

Please note the medical form due dates and season start dates for the Winter and Spring seasons on the enclosed list. Students should look for notices in the athletic hallways a few weeks prior to the start of each season regarding "pre-season" meetings.

If your son/daughter participates in more than one season during the school year, forms 1 and 2 will need to be submitted to the school nurse again for each sport/season for which they would like to participate (as long as you have a sports physical examination form on file which was completed less than one year from the start of the sport season). If your son/daughter is a “manager” for a team, he/she must submit forms 1 and 2 only, in order to sit on the sidelines and/or travel on the bus with the team. NO PHYSICAL EXAM is necessary to be a “manager.”

If the prior year’s physical was completed within 10 days to the year of the deadline date, the deadline will be extended five days to allow for insurance to cover the annual physical exam.

Example: If the deadline to submit forms is March 2 and the prior year’s physical was completed February 25, the deadline to submit a current physical will be extended until March 7. (A current physical is one that is completed within one year of the start date of the sport season.)

We hope your child will sign up and join our sports program. We promise to do everything we can to make this a rewarding and fun experience for all involved. Please feel free to call me at 992-7475 if you have any questions or need additional information.

Sincerely,

Jamie LaBelle

Jamie LaBelle, District Director
Physical Education, Health & Athletics

Important Information for Parents

What are concussions?

Concussions are brain injuries caused by external forces to the head, neck or face. Further complications from concussions or their management can lead to intracranial hematomas (bleeding in the brain), balance and coordination problems, or Second Impact Syndrome.

How do concussions occur?

A bump, blow, or jolt to the head can cause a concussion, a type of traumatic brain injury (TBI). Concussions can also occur from a blow to the body that causes the head and brain to move rapidly back and forth. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. During sports and recreation activities, concussions may result from a fall or from players colliding with each other, the ground, or with obstacles, such as a goalpost.

Signs and symptoms

Most concussions present with a headache and dizziness. These are the most common early signs of a concussion. Other signs and symptoms may include blurred vision, double vision, memory loss, loss of consciousness, nausea. It should be noted that ANY of these symptoms lasting longer than 15 minutes after a blow to the head, may indicate a concussion has occurred.

When can a student return to activities after a concussion?

Absolutely no student may return to activities the same day of a concussion. There is no exact timeline for a concussion return to activities. All concussions present differently. All students must be symptom free before returning to activity. At Plainedge, a student may return only after they have medical clearance from the Chief Medical officer for the Plainedge School District.

Note: Prior to clearance for Plainedge School District activities such as interscholastic athletics and/or at any point during the year, it is the responsibility of the Parents and the student to alert the Plainedge School District of any prior or new concussions.

I hereby give my son/daughter _____ permission to engage in interscholastic athletics as a member of the _____ team for the current school year. I further understand that participation in athletics could lead to serious or, in certain cases, fatal injury.

Student Name _____ Grade _____

Dear Parent or Guardian:

Your son/daughter has elected to participate in interscholastic athletics. To be sure your son/daughter has your permission, and in order to make a proper medical evaluation of your child, you must do the following:
FILL OUT THIS FORM COMPLETELY AND RETURN TO THE SCHOOL NURSE NO MORE THAN 30 DAYS PRIOR TO THE START OF THE SPORT SEASON. Thank you for your cooperation.

Please circle the appropriate answer:

- | | | |
|--|-----|----|
| 1. Any feeling of faintness, dizziness or fatigue after heavy exertion? | Yes | No |
| 2. Any fractures, dislocations, severe sprains or chronic diseases? | Yes | No |
| 3. Has student ever been hospitalized? | Yes | No |
| 4. Has student ever had surgery? | Yes | No |
| 5. Does student have any allergies? | Yes | No |
| 6. Does student take any medication now? | Yes | No |
| 7. Has student ever been refused permission to participate in athletics? | Yes | No |
| 8. Does student wear glasses? Contact lenses? | Yes | No |

Please explain any Yes answers to the questions above. (Use back of form if needed.)

Please check if the student has ever had any of the following:

- | | | |
|---|--|---|
| <input type="checkbox"/> Anemia | <input type="checkbox"/> High Blood Pressure | <input type="checkbox"/> Jaundice |
| <input type="checkbox"/> Asthma | <input type="checkbox"/> Heart Disease | <input type="checkbox"/> Kidney Disease |
| <input type="checkbox"/> Diabetes | <input type="checkbox"/> Heart Murmur | <input type="checkbox"/> Seizures |
| <input type="checkbox"/> Prolonged Bleeding | <input type="checkbox"/> Chronic Cough | <input type="checkbox"/> Tuberculosis |
| <input type="checkbox"/> Rheumatic Fever | <input type="checkbox"/> Hearing Loss | <input type="checkbox"/> *Concussion |

***Note: Prior to clearance for Plainedge School District activities such as interscholastic athletics and/or at any point during the year, it is the responsibility of the Parent and the student to alert the Plainedge School District of any prior or new concussions.**

Please give date and explanation if you check any of the above. (Use back of form if needed.)

By signing below, the student and parent/guardian acknowledges that they have provided up to date medical information.
