

## Mental Health and Resource Partnership

Plainedge and Northwell have teamed up to provide a higher level of access to mental health supports for our students and families.

***We understand that finding  
the right supports for your child can  
often be overwhelming and frustrating.***

Our new relationship aims to make the process easier and more accessible to anyone that needs it.

### What Does Our Partnership Include?

Students and families have access to a concierge-like service to assist them in getting access to a myriad of mental health supports, including but not limited to:

- Services can address a variety of mental health needs including: **ADHD, Learning Disabilities, Anxiety, School Refusal, Autism Spectrum Disorders, Depression, Eating Disorders and more...**
- Referrals tailored to each person's insurance-approved providers
- Appointments made for the student within a short period of time (often less than a week)
- Connections to service providers that address a multitude of areas including diagnosis, treatment, counseling, and consultation

### Who Is The Service For?

Any student that needs help or treatment to excel in their school setting.

### Our Partnership Offers the Following Services:

- Short and long-term counseling
- Psychiatric evaluations
- Team consultation
- Medication management
- Parent/guardian support

### How Do I Learn More?

*If you think your child would benefit from additional supports, please contact your building's School Psychologist to learn more and complete a referral form.*
