II. Strategic Technology Planning

1. What is the overall district mission?

The Plainedge School District is committed to fostering an environment where cutting-edge technology is seamlessly integrated into the educational experience. Our mission is to empower students, families, and staff to leverage digital tools that cultivate college and career readiness, ensuring our graduates are prepared to lead and innovate in an evolving global society.

2. What is the vision statement that guides instructional technology use in the district?

Our vision looks beyond the traditional definition of the classroom and focuses on creating a "borderless classroom" through a multimedia-rich environment that supports learning anywhere and at any time. We believe that technology is a catalyst for engagement, inquiry-based learning, and global collaboration. By prioritizing continuous, modern professional development, we ensure that technology use is pedagogical, purposeful, and inclusive of all learners. We aim to align our practices with the latest ISTE standards and New York State Digital Fluency goals to foster digital citizenship and innovation. Learning. As such the Plainedge School District's goal is to foster the application of these standards via technology integration. Core Beliefs for EducationalTechnology:

- 1. Engagement and learning increase with the use of technology;
- 2. Technology supports differentiation of learning;
- 3. Active participation and contributions to the learning process increase with the use of technology;
- 4. Project and inquiry based learning experiences are enhanced with the use of technology;
- 5. Technology skills are best learning in the context through project and inquiry based learning;
- 6. Technology supports broader collaboration opportunities both locally and globally;
- 7. 21st century communication and collaboration requires fluency in the use of technology.

3. At the start of the 2026-27 school year, will the district provide a dedicated mobile device for every student in all grades?

Yes

Instructional Technology Plan - 2026-2029 Instructional Technology PlanV. NYSED Initiatives Alignment

Page Last Modified: 03/20/2026

V. NYSED Initiatives Alignment

1. How will the district's use of instructional technology support a comprehensive and sustained effort to improve student performance and academic standards, while also addressing the need to provide equitable learning opportunities "everywhere, all the time" (National Technology Plan)?

Plainedge utilizes its 1:1 mobile device program to bridge the digital divide, ensuring every student has the hardware and high-speed access necessary for "everywhere, all the time" learning. Teachers leverage Learning Management Systems (LMS) to provide differentiated instruction, allowing students to demonstrate mastery through various digital mediums (video, coding, interactive portfolios). We monitor equity by regularly auditing device access and providing home connectivity solutions for families in need, ensuring technology is a tool for inclusion rather than a barrier.

2. **At the start of the 2026-27 school year, will the district offer full-time virtual instruction to any students? (*Select all that apply*)**

- ☐ Yes. Our district operates a full-time virtual instruction program.
- ☐ Yes. One or more of our students will attend a program operated by a BOCES or another public school district.
- ☒ None of our students will participate in a full-time virtual instruction program.
- ☐ Other

3. If the district files or has filed a Smart Schools Investment Plan (SSIP) to apply for Smart Schools Bond Act funds, all responses in this survey align with the district's response to any related question(s) in the SSIP.

Yes

For help with completing the plan, please visit ITP Resources on our website, contact your district's RIC, or email edtech@nysed.gov.
